# RUPESH KUMAR RUPAK

+91-8292247409 | rupeshrupak609@gmail.com | LinkedIn | GitHub | Hyderabad, Telangana

## PROFESSIONAL SUMMARY

Full Stack Developer and Technical Team Lead experienced in developing web applications, integrating APIs, managing deployments, and coordinating development teams. Familiar with React.js, Node.js, Express.js, MongoDB, AWS, Docker, Jenkins, CI/CD, and payment gateway workflows. Contributing to Adyapan Edutech's educational platforms, CRM solutions, application maintenance, performance improvements, and technical planning.

## PROFESSIONAL EXPERIENCE

**LinuxWorld Informatics Pvt. Ltd.** **Jun 2025 – Aug 2025**
*Tech Intern* *Jaipur, Rajasthan*

- Built and managed CI/CD pipelines using Jenkins and Docker to support automated application build and deployment workflows.
- Practised containerization and assisted with deploying scalable applications using Kubernetes.
- Contributed to frontend and backend development, reusable UI components, application troubleshooting, and testing.
- Gained practical exposure to Linux, cloud automation, DevOps tools, and deployment processes.

**Adyapan Edutech Pvt. Ltd.** **Mar 2026 – Present**
*Full Stack Developer / Technical Team Lead* *Hyderabad, Telangana*

- Coordinate development and maintenance across educational websites, web applications, dashboards, and internal systems.
- Work on frontend interfaces, REST APIs, Node.js, Express.js, MongoDB, authentication, and administrative functionality.
- Contribute to course workflows, student dashboards, enrollment processes, and Razorpay payment integration.
- Support deployment, environment configuration, debugging, responsive design, SEO, and production maintenance.
- Allocate tasks, monitor progress, review implementation, resolve blockers, and coordinate feature delivery across teams.

## EDUCATION

**Vivekananda Global University** **2022 – 2026**
*B.Tech in Computer Science and Engineering* *Jaipur, India*

**CGPA:** 8.00/10.00

## PROJECTS
